Subject: Phase I Bond Release Inspection, PacifiCorp, Des-Bee-Dove Mine, C/015/0017,
Task ID #2860, Outgoing File

Dear «SALUTATION»:

You are invited to attend the Phase I bond release inspection for two remote portals at the Des-Bee-Dove Mine. The inspection will be held on Tuesday, October 23, 2007. We will meet at the Energy West Office located at 15 North Main Street in Huntington at 8:30 a.m.

The portals are located in SW1/4SW1/4 of Section 13, and the SW1/4SE1/4 of Section 14, Township 17 South, Range 7 East, SLBM (USGS Topographic Map Red Point – see attached map for general locations).

The portals are accessible only by foot so plan on between 6-8 hours to complete the inspection. Maximum elevation is approximately 9,000 feet. All participants must be able to hike over hugged terrain. Participants must have good hiking boots, hat, jacket, rain gear, food and water. Since the inspection will occur during the general deer season participants are encouraged to wear orange and avoid brown. Remember that weather conditions can change rapidly in mountainous terrain.

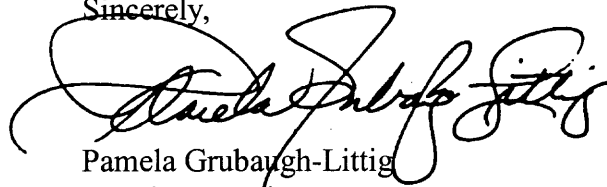

Dennis Oakley will be the Energy West representative during the inspection. Please contact Mr. Oakley at (435) 687-4825 if you have specific questions about access to the site and hiking conditions.

The Division will cancel the inspection due to adverse weather conditions. Please notify Wayne Western at the Division by Monday, October 22, 2007 at noon if there is a question about the inspection and if it will be rescheduled.
